Subject: ENUM Delegations for Diego Garcia (246), Ascension Island (247), and St Helena (290)

Dear Sir/Madam,

I would like to inform you that I have received a reply from the concerned Member State regarding your report sent by email on 14 July 2025, with the subject “#900892 - 6.4.2.e164.arpa Fwd: 6.4.2.e164.arpa ENUM domain (Diego Garcia) +246”, concerning the non-functional ENUM delegations for Diego Garcia (+246), Ascension Island (+247), and Saint Helena (+290).

The UK National Cyber Security Centre has informed me that the ENUM delegations have been left to fall into disrepair and are now creating a security risk for the three British Overseas Territories. Following discussions with the Administrators of these territories, the UK National Cyber Security Centre has requested the removal of the delegations.

It should also be noted that the concerned Member State can decide to restore the previously stopped/revoked delegation at any time. A request for restoring the previously stopped/revoked delegation will be considered as a new request.

Yours faithfully,
